

THE GREEN DRAGON BOWMEN

Club "Handicap" Summer Leagues

1st May – 30th September 2008

Rules and Guidelines

1. The 2 Club "Handicap" Leagues are open to all full members of The Green Dragon Bowmen.
2. These leagues consist of:
 - 1) Mixed Seniors
 - 2) Mixed Juniors
3. If a Junior archer turns 18 during the "League" season, they will finish the season as a Junior.
4. If any archer shoots more than one bow type, he/she can sign up for each of the bow types.
5. There is an entry fee of £1 per archer, per bow.
6. All members wishing to participate in the 2008 Outdoor Season must sign up for each league and have paid the correct entry fee before 1st May 2008 (see Jo and/or Dave for registering).
7. Details of the league rounds to be shot are as follows:
 - 1) All rounds shot will be on a 122cm face using the Imperial scoring system (1, 3, 5, 7, 9).
 - 2) Juniors will shoot a Junior Warwick round which is 2 doz arrows at 40yds & 2 doz at 30yds.
 - 3) Seniors will shoot a Short Warwick round which is 2 doz arrows at 50yds & 2 doz at 40yds.
 - 4) Archers are allowed 6 sighters at the start of a round, but if additional league rounds are shot on one day, no additional sighters will be allowed.
 - 5) A League Round may be shot on any day, given that rule 7.6 (below) is adhered to.
 - 6) A League Round is only valid if the round has been completed on one day and the score sheet has been signed by a target captain (fellow archer).
 - 7) The league will run from 1st May to 30th September and a total of 5 rounds will be shot by all archers taking part. Only 1 scoring round is needed during May (3 for new participants) and then 1 round each month until the end of September.
8. At the start of each new season the organiser will re-assess the handicaps for all archers that took part in the league during the previous season. This new handicap will be that archers starting handicap for the new league season. If an archer has not taken part in the league before, or has not shot 3 complete rounds of any type, then that archer will need to shoot 3 league rounds as above during April/May in order to achieve a handicap. The highest of these 3 scores will then be used as the league score for those months.
9. League score cards will be made available to all "League Archers" on each club night (see Jo and/or Dave), score cards will also be available in the club hut during the season.
10. There will be awards for 1st, 2nd and 3rd place winners from both leagues – these will be presented at the end of the outdoor season.
11. There will be two additional awards presented to the two archers (senior and junior) with the most improved handicap. These will be awarded at the end of the year.
12. Any trophies won by an archer must be returned to the league organisers at an arranged date as they are not 'keepers'. Any medals won by an archer are theirs to keep.
